INDEX
to volume 22
jan-dec 1994

The 1994 Annual Index lists articles by regular department, author, and subject. One- or two-letter codes after articles in the author and subject sections indicate the article type:

BK: Book Review
CL: Clinical
CM: Commentary
CR: Case Report
EM: Emergencies
EQ: ECG Quiz
EX: Exercise Adviser
F: Feature
IN: In My Experience
L: Listing
NB: News Brief
NU: Nutrition and Fitness
PA: Patient Adviser
QA: Question and Answer
R: Research
RA: Rehab Adviser
RT: Roundtable

department

Exercise Adviser
Hot tips for cold-weather workouts, Jan, p 111
Easy hamstring stretches, Feb, p 115; (letter) May, p 36
Giving your body a 'road test': how exercise stress testing works, Mar, p 127
Burning calories—naturally, Apr, p 115
Safe stretches for your inner thighs, May, p 101
Making a splash: let water workouts soothe your body, Jun, p 105
Athlete's foot: itching for relief?, Jul, p 79
Posture-perfect shoulder and neck exercises, Aug, p 69
A stretching primer, Sep, p 85
Staying fit as you age: easy exercises for older adults, Oct, p 111
Stressed out? Breathe easier with relaxation exercises, Nov, p 87
Mall walking: burning calories in the great indoors, Dec, p 101

News Briefs
Fighting the fitness slump, Jan, p 29
Is Clinton's plan soft on exercise?, Feb, p 31
Bunions: the case against tight shoes, Feb, p 32
Reduce rabies worries, Mar, p 26
Certification opportunities grow, Mar, p 26
It's lights out for these shoes, Mar, p 30
Eyeing safety in sunglasses, Apr, p 26; (letter) Jul, p 26
Reducing childhood drowning deaths, May, p 26
Treating boxers and martial artists, May, p 35
Can colds kill athletes?, Jun, p 23
Promoting safety in children's baseball, Jun, p 23
Holyfield's fatigue linked to his heart, Jul, p 19
When to x-ray ankle injuries, Jul, p 20
Curbing the spread of infectious disease, Aug, p 13
Exercise is safe for lactating women, Aug, p 13
Checking spine injuries in hockey, Sep, p 25
Women's activity outpaces men's, Sep, p 26
Helping frail, older adults build strength, Oct, p 36
Rehab helps Dennis Byrd soar, Oct, p 38
A groin trauma link to infertility?, Nov, p 19
Greater fitness, fewer heart attacks, Nov, p 20

Nutrition and Fitness
Are you a slow burner? set your metabolism in motion, Jan, p 33
Antioxidants: vitamins that do battle, Feb, p 23
Separating fat from fiction, Mar, p 35
Are you spoiling the picnic?, Apr, p 35
Top contenders: foods to fuel fitness, May, p 15
A boost from juice? squeezing out the truth, Jun, p 17
Jumping on the 'bran wagon': what you need to know about fiber, Jul, p 15
Supplement savvy, Aug, p 29
What's brewing with caffeine?, Sep, p 15
Nibbling: the smart way to snack, Oct, p 29
'Tis the stuffing season: how to sidestep gluttony, Nov, p 25
Going with the grain: why cereal works, Dec, p 21

Patient Adviser
How to keep your bones healthy, Jan, p 71
Avoiding elbow pain: tips for young pitchers, Mar, p 65
Take the sting out of stress, Jul, p 71
Controlling herpes, Sep, p 76
Top 15 tips to do the slope safe, Dec, p 57

Rehab Adviser
Getting a handle on wrist pain, Feb, p 41
Relieving the pain of shin splints, Apr, p 31
Getting rid of a pain in the neck, Sep, p 35
Bouncing back from hip pain, Oct, p 39

author

Albers JM: see Galea AM, Apr, p 48
Anthony J: see Steele SR, Sep, p 47
Araujo D: Instituting the updated CPR protocol: the team physician's role, Jul, p 51, EM

subject

Abscess
Intramuscular abscess: another anabolic steroid danger, Oct, p 105, CR
Acne vulgaris
Exercise-related skin infection: managing bacterial disease, Jun, p 46, CL
Acromioclavicular joint: see Shoulder
Addiction
Snuffing out smokeless tobacco use, Apr, p 97, F
Adhesive capsulitis
Relieving shoulder pain without surgery, Apr, p 66, CL
Adolescents
Chest pain in active young people: is it cardiac?, Jun, p 70, CL
Hip and pelvis avulsion fractures in adolescents: proper diagnosis improves compliance, Jul, p 41, CL
Overworked shoulders: managing injury of the proximal humeral physis, Mar, p 81, CL
Spondylolisthesis in the young athlete, Dec, p 39, CL
Stress fractures: a risk of increased training in freshmen, Mar, p 68, R
Treating—and preventing—Little League elbow, Mar, p 54, CL
Understanding overuse injuries in young people, Mar, p 53, CM
Alcohol
Death on a ski slope: response and prevention, Feb, p 46, CR; (letter) May, p 38
Anabolic steroids
Intramuscular abscess: another anabolic steroid danger, Oct, p 105, CR
Anesthesia
Anesthesia for the injured hand: performing the digital nerve block, Nov, p 75, EM
Ankle
Immediate diagnosis of ankle trauma, Oct, p 94, CL
Primary treatment of ankle trauma, Nov, p 33, CL
When to x-ray ankle injuries, Jul, p 20, NB
Antioxidant
Antioxidants: vitamins that do battle, Feb, p 23, NU
Supplement savvy, Aug, p 29, NU
Apophysis: see Adolescents, Children, anatomic site
Arm
Vague upper-extremity symptoms? consider thoracic outlet syndrome, Jul, p 57, CL
Arthritis
Sports injury look-alikes: when rheumatologic disorders cause pain or fatigue, Sep, p 60, CR
Athlete's foot
Athlete's foot: itching for relief?, Jul, p 79, EX
Stopping skin assailants: fungi, yeasts, and viruses, Jul, p 33, CL
Auricular hematoma
Managing ear trauma, Jul, p 27, CL

Back pain
Spondylolisthesis in the young athlete, Dec, p 39, CL
Bacterial infection: see Infection
Barotrauma
Managing ear trauma, Jul, p 27, CL
Baseball
Avoiding elbow pain: tips for young pitchers, Mar, p 65, PA
Overworked shoulders: managing injury of the proximal humeral physis, Mar, p 81, CL
Promoting safety in children's baseball, Jun, p 23, NB
Snuffing out smokeless tobacco use, Apr, p 97, F
Treating—and preventing—Little League elbow, Mar, p 54, CL
Bicycling
When the dog bites: strategies for emergency management, May, p 67, EM
Bone scan
Differentiating stress fracture from periostitis: the finer points of bone scans, Oct, p 71, CL
Boxing
Holyfield's fatigue linked to his heart, Jul, p 19, NB
Treating boxers and martial artists, May, p 35, NB
Breast-feeding
Exercise is safe for lactating women, Aug, p 13, NB
Breathing
Stressed out? breathe easier with relaxation exercises, Nov, p 87, EX
Bunion
Bunions: the case against tight shoes, Feb, p 32, NB
Buttock
Diagnosing an unusual cause of buttock pain: osteochondroma of the ischium, Nov, p 66, CR
Byrd, Dennis
Rehab helps Dennis Byrd soar, Oct, p 38, NB

Caffeine
What's brewing with caffeine?, Sep, p 15, NU
Calcium
How to keep your bones healthy, Jan, p 71, PA
Supplement savvy, Aug, p 29, NU
CAQ: see Certification
Carbohydrate: see also Sugars
Going with the grain: why cereal works, Dec, p 21, NU
Cardiomyopathy
Holyfield's fatigue linked to his heart, Jul, p 19, NB
Cardiovascular: see Heart, Vascular conditions, specific diagnosis
Cauliflower ear: see Auricular hematoma
Certification
Certification opportunities grow, Mar, p 26, NB
Chest pain
Chest pain in active young people: is it cardiac?, Jun, p 70, CL
Children
Chest pain in active young people: is it cardiac?, Jun, p 70, CL
Overworked shoulders: managing injury of the proximal humeral physis, Mar, p 81, CL
Promoting safety in children's baseball, Jun, p 23, NB
Reducing childhood drowning deaths, May, p 26, NB
Spondylolisthesis in the young athlete, Dec, p 39, CL
Treating—and preventing—Little League elbow, Mar, p 54, CL
Understanding overuse injuries in young people, Mar, p 53, CM
Cholesterol
Reversing coronary artery disease: diet-based strategies, Nov, p 59, CL
Chromium
Supplement savvy, Aug, p 29, NU

Chronic fatigue
Holyfield's fatigue linked to his heart, Jul, p 19, NB
Inadequate recovery from vigorous exercise: recognizing overtraining, May, p 56, CR
Circadian rhythms
Circadian rhythms: the latest word on health and performance, Oct, p 82, CL
Cold injury
Assessing core temperature in collapsed athletes: what's the best method?, Aug, p 49, CL
Deep snow immersion deaths: a snowboarding danger, Dec, p 48, CL
Hot tips for cold-weather workouts, Jan, p 111, EX
Colds
Can colds kill athletes?, Jun, p 23, NB
Collapse
Assessing core temperature in collapsed athletes: what's the best method?, Aug, p 49, CL
Compartment syndrome
Acute compartment syndrome: recognizing the progressive signs and symptoms, Mar, p 91, EM
Compliance
A new tool for encouraging activity: Project PACE, Nov, p 45, CL
Fighting the fitness slump, Jan, p 29, NB
Core temperature: see Cold injury, Heat injury
Coronary artery disease
A new tool for encouraging activity: Project PACE, Nov, p 45, CL
ECG quiz: a careful look at an asymptomatic golfer, Feb, p 71, EQ
Exercise and cardiac complications: do the benefits outweigh the risks?, Feb, p 56, RT
Greater fitness, fewer heart attacks, Nov, p 20, NB
Reversing coronary artery disease: diet-based strategies, Nov, p 59, CL
Reversing heart disease: are lifestyle changes enough?, Jan, p 91, F
Corticosteroid
Relieving shoulder pain without surgery, Apr, p 66, CL
Creatine
Supplement savvy, Aug, p 29, NU
Cryotherapy
Superficial heat and cold: how to maximize the benefits, Dec, p 65, CL

Diabetes
Syndrome X: a deadly combination of diseases, Aug, p 63, F; (letter) Oct, p 49
Diagnostic imaging
Differentiating stress fracture from periostitis: the finer points of bone scans, Oct, p 71, CL
When to x-ray ankle injuries, Jul, p 20, NB
Dieting: see Weight control, Nutrition Adviser department
Digital nerve block
Anesthesia for the injured hand: performing the digital nerve block, Nov, p 75, EM
Directories: see Fellowships, Sports medicine groups
Disability
Athletes with disabilities: removing medical barriers, Apr, p 59, CM; (correction), Sep, p 14
Dislocation
Reducing a finger dislocation: a patient's approach, Jun, p 89, IN

Dogs
When the dog bites: strategies for emergency management, May, p 67, EM
Drowning
Reducing childhood drowning deaths, May, p 26, NB
Drug testing
Athletes test positive for morphine: a medical detective story, Feb, p 93, IN; (letter) Apr, p 2, Jul, p 26
Drugs: see also specific drugs, Ergogenic aids
Athletes with disabilities: removing medical barriers, Apr, p 59, CM; (correction), Sep, p 14
Snuffing out smokeless tobacco use, Apr, p 97, F

Ear
Managing ear trauma, Jul, p 27, CL
Managing inflammatory ear conditions, Aug, p 56, CL; (letter) Dec, p 25
Eating disorders: see also Weight control
The female athlete triad: managing an acute risk to long-term health, Jan, p 60, QA
Elbow
Avoiding elbow pain: tips for young pitchers, Mar, p 65, PA
Treating—and preventing—Little League elbow, Mar, p 54, CL
Electrocardiogram
ECG quiz: a careful look at an asymptomatic golfer, Feb, p 71, EQ
ECG quiz: a skin-deep diagnosis, Dec, p 79, EQ
ECG quiz: palpitations with exercise, Apr, p 83, EQ
Electromagnetic diathermy
The benefits of deep heat: ultrasound and electromagnetic diathermy, Feb, p 76, CL
Emergency response: see also anatomic site, specific diagnosis
Acute compartment syndrome: recognizing the progressive signs and symptoms, Mar, p 91, EM
Anesthesia for the injured hand: performing the digital nerve block, Nov, p 75, EM
Assessing core temperature in collapsed athletes: what's the best method?, Aug, p 49, CL
Death on a ski slope: response and prevention, Feb, p 46, CR; (letter) May, p 38
Deep snow immersion deaths: a snowboarding danger, Dec, p 48, CL
Emergency removal of football helmets, Sep, p 57, EM
Instituting the updated CPR protocol: the team physician's role, Jul, p 51, EM
Penetrating trauma: managing and preventing javelin wounds, Apr, p 88, CR
When the dog bites: strategies for emergency management, May, p 67, EM
Epiphysis: see Adolescents, Children, anatomic site
Equestrian sports
Injuries in equestrian sports, Oct, p 53, R
Equipment: see Exercise equipment, Medical equipment, Protective gear, Sports apparel and equipment
Ergogenic aids
What's brewing with caffeine?, Sep, p 15, NU
Ergogenic nutrition
Nibbling: the smart way to snack, Oct, p 29, NU
Supplement savvy, Aug, p 29, NU
Top contenders: foods to fuel fitness, May, p 15, NU
Exercise effects
Burning calories—naturally, Apr, p 115, EX
Exercise is safe for lactating women, Aug, p 13, NB
Greater fitness, fewer heart attacks, Nov, p 20, NB
How to keep your bones healthy, Jan, p 71, PA
Mall walking: burning calories in the great indoors, Dec, p 101, EX
Menopause: how exercise mitigates symptoms, Jan, p 48, CL
Reversing coronary artery disease: diet-based strategies, Nov, p 59, CL
Reversing heart disease: are lifestyle changes enough?, Jan, p 91, F
Stress: how to help patients cope, Jul, p 66, F
Exercise intensity
Women's activity outpaces men's, Sep, p 26, NB
Exercise prescription: see also Exercise Adviser, Patient Adviser, and Rehab Adviser departments
A new tool for encouraging activity: Project PACE, Nov, p 45, CL
Fighting the fitness slump, Jan, p 29, NB
Giving your boc , a 'road test': how exercise stress testing works, Mar, p 127, EX
Exercise risks
Circadian rhythms: the latest word on health and performance, Oct, p 82, CL
Exercise and cardiac complications: do the benefits outweigh the risks?, Feb, p 56, RT
Exercise timing: see Circadian rhythms
Eye
Eyeing safety in sunglasses, Apr, p 26, NB; (letter) Jul, p 26

Fat distribution
Syndrome X: a deadly combination of diseases, Aug, p 63, F; (letter) Oct, p 49
Fats
Separating fat from fiction, Mar, p 35, NU
Fellowships
Sports medicine fellowships for primary care physicians, Mar, p 117, L
Female athlete triad
The female athlete triad: managing an acute risk to long-term health, Jan, p 60, QA
Fertility
A groin trauma link to infertility?, Nov, p 19, NB
Fiber
Jumping on the 'bran wagon': what you need to know about fiber, Jul, p 15, NU
Finger: see Hand
